

## Volunteer spotlight

# Debbie Albert

Volunteer for 8 years

Children's Hospital New Orleans

### **My favorite memory volunteering**

I have many fond memories at the hospital. But seeing patients and their parents/guardians are the best. I also look forward to the employees. They all have their "most favorite" sweet. I know who will buy what candy.

### **My inspiration to volunteer**

I always wanted to help at Children's Hospital, so I joined the guild. I held several positions in the guild, but I would say Kathy Voght got me involved.

### **My favorite part of volunteering**

Seeing all the customers of the gift shop and interacting with them.

### **My little something extra**

My love of helping people.

### **Why I'm extra-ordinary**

I love working in the gift shop and volunteering my time at Children's Hospital.

**More great volunteers needed!**
