## Subcommittee Priorities

- Recommend a provider growth strategy for LHP and oversee recruitment activities.
- Review network composition and growth to maintain network adequacy as determined by access to specialist services and geographic location.
- Recommend to the Board providers to whom a Participating Provider Agreement will be offered.
- Ensure appropriate due diligence is conducted throughout recruitment and partnership development activities.
- Coordinate recruitment communication with complimentary provider outreach and business development initiatives (e.g., Community Connect, Direct to Employer).
- Develop and oversee new practice on-boarding activities.
- Develop performance improvement plan templates for practices that require additional support to meet network performance targets relative to quality and cost-saving initiatives; Review and enforce performance improvement plans.
- Working jointly with Quality Subcommittee to develop annual provider/practice participation criteria and monitor compliance with network participation agreement requirements.
- Direct to employer and narrow network recommendations and communications.
- Create and/or maintain LHP policies and procedures.
