### Who's inspired you in your healthcare journey?

I was most inspired by one of my former directors, Peter Evola, when we were at Methodist Hospital, which is now New Orleans East Hospital. His role as Director inspired me as an Administrative Assistant to take on new responsibilities. Because of him, I'm constantly growing as an employee and contributing more to my team and organization. Neatness and organization were his strengths and now they are my mine.

### What are you most proud of in terms of contributions to healthcare?

I am most proud of the work, knowledge, and organizational skills I have displayed while working in the Facilities Department as an Administrative Assistant. During my 15 years as an Administrative Assistant, several directors have praised my job performance. They have praised my work with a special emphasis on keeping all Joint Commission binders and paperwork up to date for Hospital accreditation.
