Specialist**

8 years of service  
LCMC Health

**Who's inspired you in your healthcare journey?**

Our patients and families have always inspired me in my healthcare journey. They look to healthcare providers for guidance, support, and a feel of care/compassion that they are in good hands. They ultimately rely on "strangers" to provide safe, quality patient care and have a seamless experience throughout their healing process, and I am grateful to be part of their journey.

**What are you most proud of in terms of contributions to healthcare?**

In terms of contributions to healthcare, I am most proud of our healthcare workers. Anyone who aides and/or influences the healthcare needs of our patients and communities may sometimes go unrecognized. However, the countless hours, unwavering care, presence during stressful times, and the ability to handle just about any situation is a lot to be proud of. Thanks to every healthcare professional that dedicates their time and efforts to ensuring that patients have better outcomes.
